Kristen,

I am seeking mostly input on these items from DEP in regards to what your needs are current and future, (with the exception of the RPI, which I just wanted to provide an update on), that I might be able to help with. In light of PA's stand aside decision at Monday's WQGIT and their stated need for more work to be done in preparation for CAST 2019 release and improved communication between CBPO and DEP Chesapeake Bay Office, I hoped we could discuss in what ways I can help fill perceived gaps. Let me know if you need further clarification.
